Sealy - Heyden Plush Euro Pillowtop

\$819.99

The Sealy Posturepedic Heyden Plush Euro Pillowtop offers firm support with a luxurious pillowy soft feel. It is a great value with exceptional comfort thanks to the new Titanium SS innerspring. This bed also features the BackSaver Support core designed to reduce impressions and give added support.

Gallery exclusive features in all Posturepedics

SILVER & COPPER IONS

- Powerful antimicrobial technology that uses silver and copper ions -elements found in nature
- Effective in stopping the growth of destructive microbes that cause odor, discoloration, staining, and deterioration
- This technology is proven effective against a wide variety of bacteria, fungi and viruses

POSTURE SUPPORT CENTER - POSTURIZER

- The "POSTURIZER" is metal wires positioned over the Posture Channels for additional support in the areas that you need the most.
- The grid helps to stabilize the weight & distribute it better for less pressure points.
